

**REMARKS**

Reconsideration of the application as amended is respectfully requested. The Examiner has restricted examination of claims 1-54 in this application. Specifically, the Examiner restricted claims 44-48 to Group I as being drawn to a method of adjusting the acquisition parameters, claims 1-21 and 49-54 to Group II as being drawn to a method of creating and displaying images resulting from digital tomosynthesis, to claims 22-34 to Group III as being drawn to a method of creating and displaying images of the anatomy of a patient, and the Examiner restricted claims 35-43 to Group IV as being drawn to a method of creating and displaying images...to account for motion... .

Although Applicants do not necessarily agree with the Examiner's reasons for restriction, Applicants elect to prosecute claims 1-21 and 49-54 of Group II. Therefore, Applicants have canceled claims 22-48 without prejudice for possible inclusion in a divisional application. This election is made with traverse.

If the Examiner believes that a telephonic interview will help speed this application toward issuance, the Examiner is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,

Date: 2/5/2007
